

SP20ESM

Black
\$349 MSRP*

FEATURES

1. Pumping Power

Efficient ½ HP Motor – Can pump up to 68 Gallons Per Minute or 4760 Gallons Per Hour for quick and easy dewatering.

2. Durable Design

The SP20ESM Impeller and casing are manufactured from a blended rubber compound providing maximum wear resistance, up to three times over cast iron.

3. Lightweight

Easy to transport - weighs only 24 pounds

4. Water Discharge Capability

2" Port Side discharge and Side/Top discharge – Allows for dewatering surfaces up to 2". The SP20ESM model can be easily adjusted to discharge vertically or horizontally.

5. Pump Seal Protection

Double mechanical seals run in an "oil" filled chamber of liquid paraffin to prevent damage from periods of dry running.

6. Thermal Protection

Built-in thermal protector turns off the power supply in case of overload, protecting the motor from overheating.

7. Long Electrical Cord

20 ft. Power cord is uni-body construction ensuring excellent water tightness and long reach.

8. Longevity

Completely rebuildable - All parts are replaceable.

*Manufacturer's Suggested Retail Price (MSRP) shown. Does not include tax, title, prep or destination charges. Actual prices set by dealer.

SP20ESM

FEATURES & BENEFITS

APPLICATIONS

Construction site, excavations, well casings and general dewatering.
